Feeding America, in collaboration with the Howard G. Buffett Foundation, Conagra Brands Foundation, and The Nielsen Company released an update to their landmark analysis of local food insecurity and food costs in the United States, providing an updated look at:

72%
Qualify based on income for SNAP (Food Stamps)

28%
Do NOT qualify for federal child nutrition programs and often must rely on charitable food assistance programs.

$3.26 Average price per meal on the Treasure Coast. Compared to $3.02 national average cost spent on a meal by food secure persons.

$18.36 Food budget shortfall per person per week.

A total SHORTFALL of $48,284,000 or 14,793,700 meals.

The study takes a look at ‘meals’ in a whole new way, using county-level data on food costs from The Nielsen Company to break down the food budget shortfall of our residents into an approximation of the meals missing from the tables of people at risk of hunger on the Treasure Coast each year- an estimated $48 million or 15 million meals.

Mission: Our mission is to alleviate hunger by obtaining and distributing food and other essentials in Indian River, Martin, St. Lucie, and Okeechobee Counties.

Treasure Coast Food Bank is a 501(c)(3) not for profit organization.

After 9 years, the most significant change has been the increase in people who qualify for SNAP and other federal nutrition programs, not the number of people overall who are food insecure (62% in 2009 to 72% in 2017).

**Martin County:**
Highest percentage of food insecure people on the Treasure Coast who do not qualify for federal nutrition programs **39%**.

**St. Lucie County:**
Highest number of food insecure individuals on the Treasure Coast - **44,190**

**Okeechobee County:**
Highest percentage that qualify for SNAP and other federal nutrition programs **84%**.

Together, we can solve hunger.
